## Fennville Alternative High School Annual Education Report

February 14, 2024

Dear Parents and Community Members:

We are pleased to present you with the Annual Education Report (AER), which provides key information on the 2022-23 educational progress for Fennville Alternative High School. The AER addresses the complex reporting information required by federal and state laws. The school's report contains information about student assessment, accountability, and teacher quality. If you have any questions about the AER, please contact Jessica Gierucki, Director of Curriculum and Instruction, for assistance.

The AER is available for you to review electronically by visiting the following website [Fennville Alternative High AER](#), or you may review a copy in the main office at your child's school.

For the 2023-24 school year, schools were identified based on previous years' performance using definitions and labels as required in the Every Student Succeeds Act (ESSA). A Targeted Support and Improvement (TSI) school is one that had at least one underperforming student subgroup in 2022-23. An Additional Targeted Support (ATS) school is one that had a student subgroup performing at the same level as the lowest 5% of all schools in the state in 2022-23. A Comprehensive Support and Improvement (CSI) school is one whose performance was in the lowest 5% of all schools in the state or had a graduation rate at or below 67% in 2022-23. Some schools are not identified with any of these labels. In these cases, no label is given. Our school has not been given one of these labels.

State law requires that we also report additional information:

### PROCESS FOR ASSIGNING PUPILS TO THE SCHOOL

High school students are assigned to Fennville High School based on geographical boundaries. We also enroll through an application process or through a schools of choice process. Fennville High School houses all 9<sup>th</sup>-12<sup>th</sup> grade students.

### School Improvement Plan

Our School Improvement Plan is a working framework that drives our quest to continuously improve through data reviews and analysis. We work to adapt our professional learning and instructional focus to meet the needs of our students. Our School Improvement Plan reflects both curricular and instructional priorities with a focus on a continuous improvement mindset. Currently, our focus is on MTSS implementation, which is facilitated through our Building Level MTSS team.

### Specialized Schools

Fennville High School offers a high school completion program through Fennville Alternative High School, with smaller class sizes, individualized programs of study, and one on one tutoring. Students

complete the Fennville High School course requirements for their diploma using online classes through Apex. All core classes taken on Apex are aligned with Common Core curriculum standards and the Fennville High School courses.

## Core Curriculum

As mandated by the State of Michigan, Fennville Public Schools has developed a core curriculum at all levels. Access to these documents can be found within each of our principals' offices or across grade level and content area teachers. Grade level and content area expectations along with Common Core State Standards are available for review on the [www.michigan.gov/mde](http://www.michigan.gov/mde) website. We review our curricular resources on a rotating content area basis with a K-12 vertical team approach. These committees are crucial in identifying common instructional practices, visions, and appropriate instructional resources to align. Curriculum recommendations go before our Board of Education for approval.
