

## **2016-17 Thoughtful Classroom Teacher Effectiveness Framework Training For Teachers and Administrators**

Fennville Public Schools provided staff training for both teachers and administrators as part of the adoption of the *Thoughtful Classroom Teacher Effectiveness Framework* (TCTEF) model for teacher evaluation for the 2016-17 school year.

### **Administrator Training**

During the summer months of 2016, district administrators attended four full-day training sessions at Otsego High School provided by representatives of Silver Strong & Associates, the designers of the *TCTEF*. Fennville administrators were trained as part of an Allegan County consortium of school districts who selected *TCTEF* as the evaluation framework. The first two days of training were held on June 14 and June 15, 2016, and the second two days were August 23 and August 24, 2016.

### **Teacher Training**

All Fennville Public Schools teachers received a first full day of introduction and training on the *Thoughtful Classroom Teacher Effectiveness Framework* on August 30, 2016 as part of the 2016-17 district professional development plan.

Continued training for all district teachers is planned for a half-day professional-development session on November 4, 2016.

During the 2016-17 school year, teachers will work with *TCTEF* in the Professional Learning Community (PLC) structure at one meeting per month, starting in September and continuing through the school year. The purpose and design of the PLC sessions will be professional collaboration around deepening understanding and planning for implementation of the individual dimensions of *TCTEF* into teaching practice.
